

Landscape Committee Report May 26 1021

1. The landscape committee met May 1, 2021 to discuss upcoming spring plantings and more. Attending were: Jennifer, Lilly, Laura, Pete See agenda for that meeting [on the next pages](#).

- 2. The landscape committee members purchased soils and plants, prepared the beds/pots and planted a) the front entry, large pots in front of and behind the clubhouse, small pots near the pool and ground area near the back entries of the clubhouse. Those helping included Laura, Jennifer, Erin, Lilly, and Pete**
- 3. Pete used discretionary funds to purchase and plant 2 golden euonymus near the compactor**
- 4. Pete has trimmed dead or low hanging branches on the 16 new trees planted and dead or low-hanging limbs on several other trees on the grounds. Caleb trimmed larger dead limbs from a Crab tree near building 04.**
- 5. Bid requests were sent out to plant shrubs this spring at several buildings with missing shrubs. Awaiting approval from the board.**
- 6. Requests have been made to plant several missing trees this fall**
- 7. Awaiting irrigation audit so we know which areas are not getting water so we can make plans to plant other areas in the 5-year plan.**

Agenda and discussion from May 1 Meeting

1. Plans for plantings missing trees/shrubs for 2021: Reviewed plantings out for bid for this spring and fall
2. Plants for front entry-- Discussed options for plants and expanding the size of the beds
3. Plants for large pots, clubhouse Discussed options for plants
4. Plants for tall pots, clubhouse Discussed options for plants and changing from Canna to other draping and tall plants
5. Darline's submission re outdoor planters-- Passed photo of above ground 6' planter Darline submitted for alternative for community garden.
Generally had some same concerns for those as in ground.
6. Plants for compactor area-- Discussed options for evergreen to plant there
7. Discretionary "featured" plantings
8. Darline's request for transplanting phlox and trimming: Grass seed in front of 22-H Cut out dead branches of cedar. Reshape yews at F-G to be vertical ovals. One yew has grown over sidewalk. Consider trimming barberry to match lower height at 22-H. Thanks! *Darline (913) 709-0351* No volunteers as yet.
9. Discussed water supply to areas that last year were not supplied-- need to know results of audit.

- 10. The committee is ready to get supplies and flowers and plant! Submitting request the board to proceed. Probably plant after Mothers' day.**
- 11. Don't know the status of the spring plantings, hopefully bids will be in for the new plants as requested and the work west of building 08 will occur soon.**
- 12. Recognized Lilly and Erin (and Ron) for their help in obtaining plants, planting and or watering last year.**
